## Course Breakdown:

Completed Hours	45%
Training Plan	20%
Safety Checklist	5%
Reflection	20%
Updated Resume	10%

## Student Percentages:

Completed Hours	_____ %
Training Plan	_____ %
Safety Checklist	_____ %
Reflection	_____ %
Updated Resume	_____ %

### Completed Hours:

The student must complete a minimum of 100 hours on the work site. Completing extra hours is encouraged but not required

### Training Plan:

A completed training plan is required before any hours are considered. The training plan must be completed in order to receive credits for the course. It's mandatory.

### Safety Checklist:

The right of refusal documentation is required before any hours are considered. The safety checklist must be completed and signed within the first week of work.

### Reflection:

The reflection activity must consider the student's entire experience and should contain aspects of what the student has learned about themselves, their work environment and their future pathways.

### Resume:

The student needs to submit an updated personal resume that includes their recent work experience.
